McGraw Hill
Reveal Math

Course Description

Pre-Algebra is a course specifically designed to prepare students for standard high school algebraic courses in which students will learn fundamental math skills in order to be successful throughout high school. In this course, students will be introduced to integers, fractions, decimals, square roots, step-equations, and linear equations. More specifically, students will be taught how to solve equations with variables.

STUDENT EXPECTATIONS

Mistakes are how we learn! You must put effort in and try, try, try!

Try

Life is full of deadlines - lets practice being on time to class and with our work.

Timely

Focus on the task and complete it with diligence.

On Task

Do your own work and always act with integrity

Trustworthy

CLASS SUPPLIES

- Single subject notebook (use for math only!!!)
- #2 Pencils
- 1 box of Kleenex

HOMEWORK

QUIZZES

TESTS

"What you do every day matters more than what you do every once in a while."

Classroom Procedures

HOMework

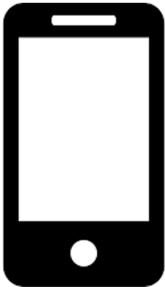

Homework is meant solely to practice the skills we are learning in class. *It is to your best interest to complete the homework assignments.*

BELL WORK / VOCABULARY

When you enter the classroom each day there will be a problem(s) displayed on the board. *This is what you will use your notebook for. Vocabulary and Bell work will count as a quiz grade at the end of each quarter.*

ASSESSMENTS

Quizzes and Test will be administered throughout the year to assess student learning. In the event of an excused absence, it is the responsibility of the student to request a make-up test. *Failure to retest within the number of days absent will result in a zero.* Assessments may be retaken, at the teachers discretion.

Cell Phone Policy

Lexington High School's cell phone policy explicitly states no phones to be used during school hours. Students must keep their phones put away and on silent. *Students are given their first warning on the first day of school.* Unauthorized use of cell phones will result in disciplinary actions, including detention and office referral.

100/0

YOU are 100% responsible for your **OWN** success.

0% excuses

Math may not teach us how to add *love* or subtract *hate* but it gives us every reason to hope that every problem has a

Solution.
