Content Mastery is essentially a tutoring study hall. It is a time where students can work on assignments, projects, or prepare for tests with the help of a staff member. Students can ask questions and / or receive one-on-one help with their work. It is also a time for students to practice their skills to improve in certain areas and achieve mastery of areas needing improvement.

1. Students will participate in class discussions and activities.
2. Students will use the time to complete work and prepare for tests.
3. Students will be kind and respectful to staff and peers.

Note: Ear buds and cell phones will not be allowed in class.
I pads will only be used to complete work or projects for classes.
